0321883322 / ISBN-13: 9780321883322 and

0321905601 / ISBN-13: 9780321905604

For those taking the one-semester Human Anatomy course

Praised for its atlas-style format, appropriately detailed anatomical illustrations, and exceptionally clear photographs of tissues and cadavers, **Human Anatomy** is now more visual and interactive. The **Eighth Edition** includes new one- and two-page Spotlight Figures that seamlessly integrate text and visuals to guide students through complex topics. New QR codes let you use a smart phone to link directly from figures in the book to figures in the Practice Anatomy Lab™ (PAL™) virtual anatomy program, giving you additional views for learning bones and muscles. The end-of-chapter Study Outlines now have memory-triggering visuals to help you remember chapter content.
