#### Description:

**From the Author** As an incurable bibliophile I'm especially proud of the print editions of my books. The layout is understated and the print sharp and black on silky-smooth creme stock. It's wonderful! --This text refers to the edition.

**About the Author** When not bumping about Georgian London in my sedan chair or exchanging gossip with perfumed and patched courtiers in the gilded drawing rooms of Versailles, I teach

history and geography at an exclusive boarding school for young ladies.

I write historical romances and crimances (crime with lashings of romance). They are all set in the 18th Century, spanning 1740 to early 1780's Georgian England, with occasional crossings to the France of Louis XV.

I pull up the reins at the French Revolution - where I lost a previous life at the guillotine for my unpardonably hedonistic lifestyle as a layabout aristo! --This text refers to the edition.
