Description:

Graphic Design School allows students to develop core competencies while understanding how these fundamentals translate into new and evolving media. With examples from magazines, websites, books, and mobile devices, the *Fifth Edition* provides an overview of the visual communications

profession, with a new focus on the intersection of design specialties. A brand-new section on web and interactivity covers topics such as web tools, coding requirements, information architecture, web design and layout, mobile device composition, app design, CMS, designing for social media, and SEO.
